

# WELCOME TO THE BEADCOOP NEWSLETTER

9/08/06

Labor Day has passed and that means officially summer is over. Wow. That went fast. I didn't even get to relax during the holiday as I had a show. It was a sheep dog trial, so lots of fun watching the dogs but hot and dusty.

We have three "beady" holidays coming fast, one right after the other; Halloween, Thanksgiving and Christmas... hmm maybe I should count New Years as well? Get those fingers ready to fly! You can do a search on the holiday category and following is a small sample of patterns posted to the coop in August.

The first clue has been posted for the Egg Hunt. You can find it here:

<http://www.thebeadcoop.com/hideandseek/hideandseek.asp>

Have fun helping our mother hen find her egg! Our designers work hard each month to bring you a selection of beautiful patterns for just one low price! This month's theme is Nature and the collection can be found here:

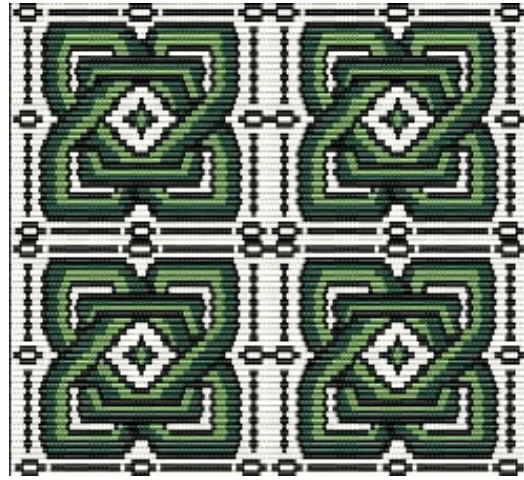

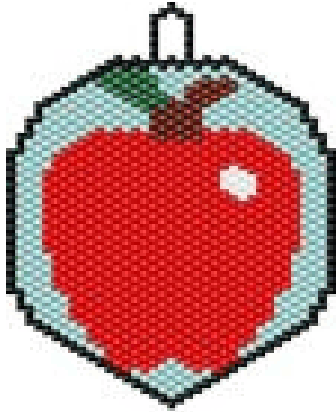

<http://www.thebeadcoop.com/Members/PatternOfMonth/PatternOfMonth.asp>

October's Pattern of the Month will highlight jewelry. I can't wait to see what our designers come up with! Both the Egg Hunt and Pattern of the Month continue each month and have a rotating banner at the top of all coop pages!

There are several designers who will be happy to bead patterns up for you, or to design a special one. Please feel free to post to the group if you are looking for either! Happy beading, and happy fall!
