

## October and Fall have arrived!

October is now here, the trees are adorning their autumn plumage, and The BeadCoop has been busy with gearing up for the upcoming holidays.

Our designers have been busy stretching their wings and shaking their tailfeathers with great new patterns, ideas, and even accepting requests/challenges for patterns!

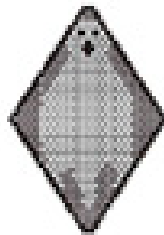

The October POTM is ready for viewing and/or purchase. The Pattern of The Month is an ongoing pattern grouping that our designers are doing to help you as the customer to develop your beading & color skills. Each pattern in POTM uses the same basic colors and experience more colors each month. This way, a new (or even experienced) beader can get a great deal on a handful of patterns all designed using the same colors!

Check 'em out!!!

The Egg Hunt also continues! <http://www.beadcoop.com/hideandseek/hideandseek.asp>

Each month, our Mother Hen hides an egg imposed onto one of our patterns' thumbnail image. Can you find it? To enter this month's Egg Hunt, search out the hidden egg. Then **e-mail us at [motherhen@beadcoop.com](mailto:motherhen@beadcoop.com)** to tell us what pattern the lost egg is on. Please include your name or username, whichever one you would like us to list when you win. Your entry might be one of 3 entries chosen to receive our prize.

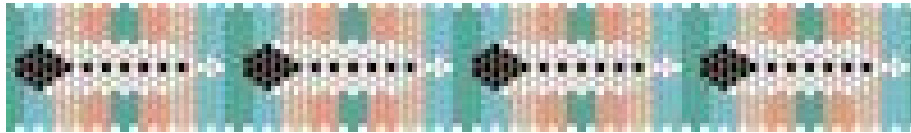

As the egg hunt progresses, we will be adding one-word clues to help you narrow down the search.

Drawing will be held the last day of the month at 9 p.m. EST.

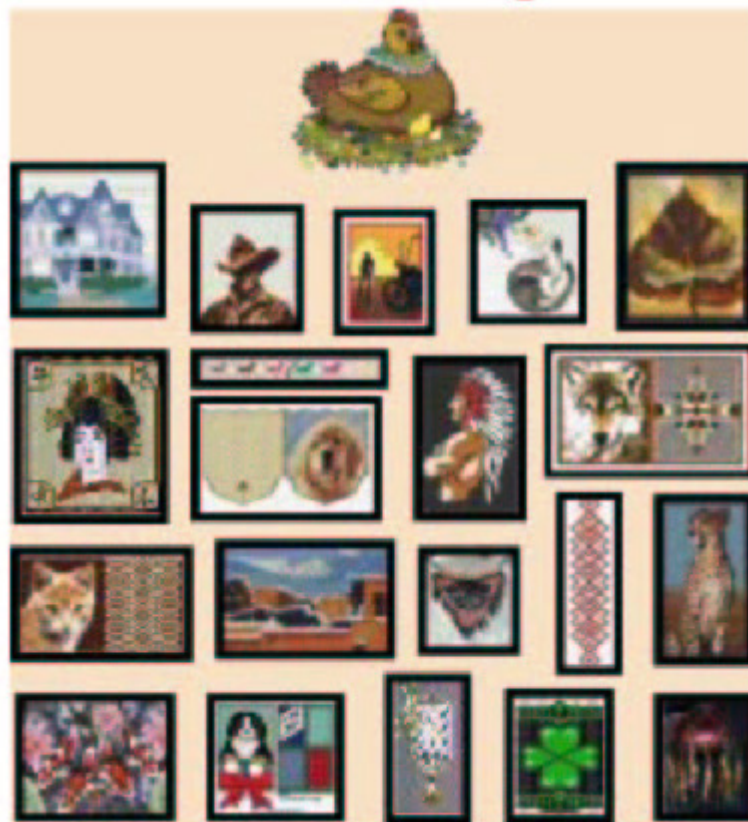

And remember, don't tell anyone where you found it. This will only diminish your chances of winning the prize.
