

Step 3

Pick up 11 A color seeds, pass through the B color seed to form a circle (B).

Pass through the 1st two A color seeds and *pick up 3 A seeds, one A color 3mm pearl and 3 A seeds. Pass through the circle seed again and up through the first 3 seeds before the pearl.

Pick up 7 A seeds, pass down through the 3 seeds after the pearl. You have made petal 1 of B.

Pass through the circle seed of petal 1 and the next 2 seeds of circle B.

Step 4

Repeat step 3 from * 4 more times, after the last petal, pass around through all the circle seeds and end with your needle exiting the circle seed outlined in red between petals 4 and 5 of B.

Pick up one A color 3mm pearl, pass down through the circle seed between petals 1 and 2.

Pass back through the 3mm pearl and up through the circle seed outlined in red.

Pass through the next two A seeds in the circle, through the next B seed and the next 4 A seeds in the circle.

Pass through the next 7 A seeds of petal 2, circle B.
